HOW TO USE THE MYSTICAL WISDOM CARDS

The Mystical Wisdom cards provide a form of divination inspired by the gods, goddesses, angels, and animal spirit guides. They offer guidance for the present and predictions for the future. You hold within you the power to change your life and the free will to choose circumstances. In many native cultures, people have interpreted signs sent by the gods through feathers, animals, and other natural patterns and artifacts. Within this deck are such animals that send you signs to guide and enlighten you.

The purpose of the Mystical Wisdom cards is not to endorse fear of the unknown but to inspire and uplift you by bringing peace and comfort when times are challenging and also at times when life is joyful.

When you consult the cards you will find three angel cards for guidance and protection, eight animal guides, and 35 other cards with images and messages created for insight and inspiration. If you want to delve into the profound secrets held within the mystery of life, then the Mystical Wisdom cards will gently and accurately guide you to the answers.

Reversed cards or cards that fall out when shuffling mean that you need to pay more attention to the issue connected to the message in the card. It does not automatically come with a negative interpretation.

The cards can be used as a divination tool so need to be handled with love and care. They carry your personal mark or energy within them and will answer to you. They work with pure intent and will not deliver negative or obstructive messages relating to someone without their permission. When you first receive your cards, shuffle them and infuse your loving energy into them.

Before you conduct a reading on yourself or another person, take some time to meditate. Pray and ask for guidance to give a clear and accurate reading for the best results. The cards offer you choices and options. It is up to you or the seeker to determine what is right for you at the time of the reading. The universe works in mysterious ways so the timing of indicated events may occur either sooner than predicted, or you may have to wait a little longer as the universe rearranges itself to bring about your desires.

THE CARDS & THEIR MEANINGS

ARCHANGEL GABRIEL

Messenger of Creativity and Hope

He speaks to you through your heart and soul. Gabriel, which means “God is my strength,” guides hopeful parents in fertility and child conception, giving them courage and strength. He is the angel of communication and the arts, inspiring and motivating you in your creative pursuit. His presence offers enthusiasm and encouragement in the creative fields. He guides artists, authors, musicians and dancers to reach their full potential and live their purpose. If you work with children, personally or professionally, you will find Gabriel by your side with loving guidance and support.

Mantra: I follow the guidance of my heart.

ARCHANGEL RAPHAEL

Provider of Healing for Mind, Body and Spirit

He is one of God's Holy Angels whose role is to minister to God and his people. Raphael, which means “God heals,” bestows divine healing and miracles to people and animals upon the earth. For those of you who want to become healers, doctors and care workers, it is comforting to know that you have an almighty angel ready and waiting to be of service. Summon Raphael to your side if you are in need of healing and support. He encourages you to surrender negative thoughts and replace them with forgiveness and love as this will encourage your recovery and honor you with inner peace.

Mantra: I feel love and healing and surrender negative thoughts.

ANGEL OF MIRACLES

Open Your Heart and Expect a Miracle

Angels shine a divine light of intelligence made of the highest and purest of the Holy Spirit. Angels bestow gifts and miracles upon you, appearing in many forms: a bird, a butterfly, an animal or the brightest and only flower in blossom. When coincidences, synchronicities and miracles start to happen in your life, you know that the angels are with you. The angels also assist and guide you during life changes or challenges, comforting you to the next stage of your journey. Anything is possible with angels so you can expect a positive outcome knowing the angels have heard your prayers.

Mantra: I believe in miracles.

ANIMAL BOND

Stand Up For All Animals

You have a special relationship with animals. The world needs you to stand up and have a voice for all animals on the planet. Help protect the wildlife and rescue animals when you can. Give a donation or get involved online. Volunteering your spare time to animal shelters would be greatly rewarding. This may be just the time for you to save a cat or a dog from the shelter and give it a loving home.

Mantra: I share my love with animals and the world.

BATTLE OF THE BLUES

Take Steps Toward Positive Change

When you have sad feelings of gloom and inadequacy, you need to recognize this as a temporary situation. Feelings of sadness and negative thoughts can immobilize you and only you can change this. Perhaps it is a wake up call to get into action and make changes. Take small steps and keep moving everyday to bring positive change and self-empowerment. Exercise, study, socialize with like-minded people, listen to music, and talk about your feelings with trusted friends and family. Know that the magic of the universe and the angels are there to support and guide you. Gather your courage and rise to meet your challenges.

Mantra: I take small steps everyday to make positive changes in my life for happiness and fulfillment.

CELEBRATION

Let Go and Have Fun

Now is the time to celebrate a special event and have some fun! Get ready for a party, wedding, graduation, a job promotion or festivity. This is the time to celebrate and be joyful. This is a special moment to spend with family and friends in a positive and uplifting environment. Let go of worry and doubt and focus on the abundance available to you right now. Eat, drink, dance, be merry and enjoy the pleasures and memories that these special occasions bring.

Mantra: I enjoy special moments with my loved ones and friends.

CHEER UP

Live in the Moment

Don't dwell on the past, as it cannot be changed. Why obsess about the future if things beyond your control can happen at any time? Become childlike again, as yesterday never mattered and tomorrow is another day. Do something spontaneous: stop and smell the roses, bake a cake, or sit and watch the people walking by. Just live in the moment and enjoy what you are doing. Allow the universe and your angels to assist you effortlessly at this time. Listen to the angels sing, be still and just go with the flow. If you are feeling exhausted or disheartened, just rest and do nothing. Nurture yourself to re-energize for tomorrow. Do what you need to do to cheer up!

Mantra: I live for today, and I feel cheerful!

CHILDREN

Know That Your Children are Protected

All parents' first and foremost responsibility is to keep their children safe from harm. The angels want to reassure you that all is well. Your children in heaven and on earth are loved and protected by God and the angels. Your children function at their best when they are loved, cherished and feel secure within their home and family environment.

Mantra: My children are happy and safe.
