INTRODUCTION

Tarot is a tool for empowerment and insight. It's an accurate way to unlock the subconscious mind, bringing thoughts and feelings into awareness through tarot symbolism. As a device for guidance and messages, tarot can help clarify situations so you can make the best decisions on your life's journey.

This Spiritsong deck is a melding of two traditions of divination: one where animals are seen as spiritual helpers between our world and the spirit world, and one that uses 78 cards as a tool to connect with our highest self. The Spiritsong Tarot structure is based on the traditional tarot, containing the 22 Majors, the 56 Minors and four suits. Following the structure of the Rider-Waite Tarot, each animal was specifically selected based upon shamanic and Native American symbolism, both classic and modern, merging each animal's unique power with classic tarot practices. For example, the Spiritsong animal Raven has attributes such as 'creation' that parallels some of the same symbolic tarot attributes of the traditional

Magician card, which is why the Raven is the animal representing that card.

THE SPIRITSONG ANIMALS

Connected to the portals of higher worlds, the 78 Spiritsong animals are mentors of divine guidance. Bearing their own shamanic medicines, they're forever open to providing their energy when called upon. They're always available to you and for you, to help you attain your greatest potential. If you ask, they will provide guidance needed to assist you in finding the best remedy for any situation. The Spiritsong animals are a reflection of the true inner self, and offer their courage to you as you endeavor to meet your goals. With the 78 Spiritsong animals by your side, you are boldly empowered to open new doorways of knowledge that can lead toward the realization of your greatest spiritual growth.

THE ELEMENTAL SIGNS

The Minor Arcana contains 56 cards, which are divided into four suits. Elemental interactions can build deeper relationships

between cards, although incorporating elements in a reading is optional.

CONNECTING TO YOUR CARDS

It is recommended that you connect to your cards by consecrating them with the following simple steps.

- 1.** Envision yourself surrounded by a dome of golden light. Set the intention by thinking of this light as protecting you from any unwanted energies, and know that you are safe within this light. You will also benefit by calling upon all the Spirit-song animals and your personal guides to protect you.
- 2.** Hold the cards to your heart, and imagine a ray of light beaming from your heart to the cards, and then reflecting back to you again.
- 3.** Recite the following incantation, or you can prepare your own. "May the wisdom and love of my higher self be revealed in my readings, and may such guidance show what is best and true for me."
- 4.** Express gratitude for the Spiritsong animals and guides who have come forward for you.

Working regularly with your cards will open the channels of communication between yourself and the Spiritsong animals. The more you work with your deck, the more meaning they'll bring, and the bigger an impact they'll have on your life. Though there may be a tendency to connect to specific animals in this deck, always remember that all 78 Spiritsong animals are available to you at all times.

Before doing a card spread, think of a question as you mindfully shuffle the Spiritsong cards. For multiple card readings, lay out the cards face down in the configurations suggested. Turn over each card one-by-one to interpret the answers.

TAROT SPREADS

The Spiritsong Single-card Reading

The single-card reading is helpful when you require a defined answer to a specific question. This reading can help you focus on the present so that you may make more empowered choices. Focus on your question, and choose a card. The information provided

in this guidebook about the specific card combined with your own intuition should help guide you to the answer or solution.

The Spiritsong Star Spread

The Star Spread is used to explore a specific question. Be sure that your question is clear and precise. In this six-card spread the cards represent:

1st Card: Your present situation

2nd Card: The cause of your issue

3rd Card: Changes needed to resolve
your issue

4th Card: Your own strengths needed

5th Card: Other challenges to be overcome

6th Card: The likely solution

The Spiritsong Healing Spread

This six-card spread is designed for self-healing of internal versus external issues. For this spread to work and the cards to help you, try to identify the issue as accurately as possible. At times this may end up being a journey of self-discovery, which in and of itself can be healing. To get the most out of this reading, be completely honest with yourself.

- 1st Card:** The Issue—the issue inside of yourself
- 2nd Card:** The Past—the effect this issue has had on others and yourself in the past
- 3rd Card:** The Present—the effect this issue is having on others and yourself in the present
- 4th Card:** The Source—the source of the issue and factors contributing to the situation
- 5th Card:** Remediation—the steps that must be taken to reduce and resolve this issue
- 6th Card:** Maintenance—the steps that should be taken to help prevent reoccurrence of this issue in the future

The Spiritsong Tree of Life Spread

This spread, based on the Tree of Life, offers a thorough technique for exploring your life's path. This is a ten-card spread (see illustration), in which the cards represent:

- 1st Card:** Force—the ‘force’ of the issue
- 2nd Card:** Form—the ‘form’ of the issue

- 5th Card:** Feelings—your internal feelings about the issue
- 6th Card:** Thoughts—your internal thoughts about the issue
- 7th Card:** Terra and Soma—all material things involved, including your physical self, possessions, etc.
- 8th Card:** Persona—your being and your personality combined
- 9th Card:** Intuition—what your inner self prescribes for the issue
- 10th Card:** Spirit—the spiritual growth in regards to the issue and its resolution

SPIRITSONG AS AN ORACLE

The Spiritsong deck may also be used as an oracle. Reading with an oracle is free form, so there are no rules that need to be followed. Use your intuition to create your own spread, and create your own layout using as many or as few cards as you wish. Interpretation is left to your own imagination. Pay close attention to any cards that seem to 'jump' out of the deck. If you draw a reversed card, it signifies a stronger version of the message rather than the tarot's reversed meaning.

One-card Oracle Reading

Ask your question, and draw a card. Your card will help you gain insight, and will help you to focus on the energies for that day. This reading can be repeated daily.

Spiritsong Three-card Oracle Reading

This is a past/present/future reading that will help provide a more in-depth answer. Listen to your intuition, and be receptive to the guidance being offered. Be sure that your question is clear and precise. Left to right, the cards represent:

1st card: Your mind / your past energy / the background history of the issue

2nd card: Your body / your present energy / the obstacle in resolving the issue

3rd card: Your spirit / your future / recommendations in resolving the issue
